### Newspaper Men Meet

Held Annual Convention at Jasper Lodge

The annual convention of the Alberta and British Columbia Press Association was held at Jasper Lodge, on June 19, and not only in point of numbers, but the amount of business transacted, proved a successful meeting. The first day was devoted to business, and Saturday given over to sightseeing and pleasure.

Leaving Jasper on Saturday morning, the group of 11 men in Wednesday, Jasper was reaching about 5 o'clock Tuesday morning, and after waiting the party went to the hotel and left for Jasper. The first day was devoted to business, and Saturday given over to sightseeing and pleasure.

### School Fair Short Course

at Olds July 9-14 Inclusive

The short course for the boys and girls during the last autumn at their school fair last autumn will be held at Olds, July 9th to 14th inclusive.

Classes in agriculture and home economics subjects will be held only, as well as general sports, games and military drill. Admission free. The fair will be held in the afternoon, and will be under direct supervision of members of the staff at all times.

### Violent Storms in the Prairies

Central, Saskatchewan, Southern Alberta and Manitoba Suffer

Saskatoon, June 19.—Cyclonic storms which killed at least one person, destroyed hundreds of buildings and caused property damage to the amount of \$100,000, were reported from Saskatchewan from and to Saturday night and Sunday morning, to be followed by twenty-four hours of rain, reported again at every point from which it is estimated here as worth untold millions to the growing crop.

The storms followed ten days of unrelenting hot weather, from which crops, especially on light land, were already beginning to show signs of distress. Some farms were demolished, farm buildings carried hundreds of yards through the air, telephone lines blown down, a farm house destroyed by lightning, according to reports received here from points over the hundred miles from the west. Victor Cassidy, 15, was killed when a house was blown down while he was standing on a porch. A half-acre of wheat, near Roseton, was blown off its roots and blown from the field through the air. The lad fell out and was dashed to death on the ground. Two horses were killed, one of them a horse named "Horse" was killed in which Mr. and Mrs. Nick Wosk was driving, was killed up by the wind and tumbled for a mile and a half across the prairie. The woman, except with a bad shaking up, but Wosk is reported in a serious condition. The roof of the Roseton hotel was blown off and fell on Kennedy's livery barn, wrecking the barn.

Sympathy is extended to Mrs. J. H. Cook, whose mother, Mrs. M. Cook, died at Olds, last evening. Mrs. Cook was born in England and was buried in Ponoka on Friday, June 19.

### Mount Etna in Eruption

50,000 are Homeless

Catania, Italy, June 19.—Etna, or "The Mountain of Fire" as the Sicilians call it, has shaken its colossal shoulders and all in the covering 30 miles in circumference has trembled. According to the latest news the earthquake shocks continued with increasing pain among those inhabitants who have not yet made their way out of the stricken region. Reports estimate that 40,000 people are homeless in Etna's stricken area.

Several towns including those of Pizzolungo, Palombara and Ferrocchio, have been completely destroyed. Lava 10 feet deep and a mile and a half long came rolling down on the stricken villages, covering everything orange and lemon green at this time of the year. The mountain slopes with gold.

Catania, Sicily, June 19.—The eruption of Mount Etna continues unabated. One stream of lava is now threatening the city, a city of about 20,000 inhabitants. The lava is threatening the city, a city of about 20,000 inhabitants. The lava is threatening the city, a city of about 20,000 inhabitants.

### Wood River

Doing the remarkable paucity (and word-wholly) of the week, 30 miles was unable to contain anything but the sunshine and the sun.

The special services, which were held in the Zion church on the 18th and 19th, were well attended.

George Williams stepped into the arena recently by demonstrating his outstanding ability as a lustrous soloist.

The dinner, which was held in the hall last Friday night under the auspices of the Social Club, was easily the best of the season.

The program was enriched by several much-appreciated solo from local soloists.

The Social Club is thriving for good, but the most diligent search has in fact failed to reveal any signs looking up on the horizon.

We aren't going? Why? You are just one week. W. E. Jeffries, of Calgary, was a visitor in our district last week.

### TENDERS WANTED

Tenders wanted for the fixing of the fence around the Royal Hotel grounds. For further particulars apply, Messrs. Gies, Sec.-Treas.

NOTICES  
OF  
TOWN AND  
DISTRICT

## Local News.

J. W. Browne has gone on a visit to the eastern States.

Mrs. A. E. Thern, of the hospital, left for a holiday to the old country on Saturday.

Geo. Laycock has potato vines in bloom.  
Arthur is busy plowing, speed being his motto.

Mr. and Mrs. Sidney Bird were Edmonton visitors during the week.

Mr. and Mrs. D. R. Morgan and Robert, and Mrs. Geo. Matter left on Thursday on a motor trip to Spokane.

Mrs. A. A. Graham spent the weekend in Edmonton, visiting with her daughter, Miss Verna.

Mr. and Mrs. R. C. Ames have gone to the coast on their annual vacation.

Cook Myr attended the Wainwright stampede last week. He reports that the stampede was a great success.

W. J. DAVILLE and W. J. Bell went on a trip to Edson last week. Owing to heavy rains the stream was so swollen that they had to fish from the tree tops, and the fish refused to bite. They were accompanied by A. M. Matheson, M.L.A., who is a fisherman of repute.

Miss Meta Hills, winner of a gold medal for soprano singing at the 1922 Alberta Musical Festival is a prospective midsummer bride. Miss Hills has a charming mezzo-soprano voice, and is in great local demand for concerts and social events. She is also a valued member of Knox Church choir. The bridegroom to be is Mr. J. C. Nattress—Edmonton Journal.

Accepting a motor drive on Friday evening, Miss Elsie Browne, in a state of next month, was eventually taken to the home of Mrs. A. H. Strang, 381st avenue, where she was greeted by a number of her teacher friends of King Edward school, who had awaiting her a shower of lovely gifts dear to the heart of a bride. An elaborately decorated tin barrel contained the gifts, and a regulation couple bride and groom attended by two lovely flower girls, smiled placidly at the surrounding realists as she entered the room to the strains of the wedding march—Edmonton Journal. Miss Browne is a daughter of Mr. L. B. Browne, manager at the hospital.

The other day Edmonton had the honor of our presence for a few hours. It was pleasing to note the right appearance of the city and shone in the demeanor of the citizen. The shroud of gloom has apparently given place to the mantle of joy. And why should not the contentment of the people reflect the bright aspect of the surrounding country. With an ample rain fall the prospects in the districts surrounding Alberta's capital could not be better.

Ice cream, lawn social and baseball game will be held at 8 P.M. Coughlin's place on Thursday evening, June 21. Proceeds in aid of Cancer Sunday school.

## Bathing Caps

This year we can offer a good Cap as low as 25c. The new designs are very slinky in design and coloring.

Mrs. Jas. B. BEATTIE, Prop.

Ottawa, June 15.—Immigration is increasing. During the first months ended May 31, 25,417 immigrants entered Canada, or 41 per cent. over the total for the corresponding five months of last year. Immigration from Great Britain showed an increase of 100 per cent. In May 1922 entered Canada from the United States, compared with only 642 in January of this year.

**Best and Absolute**  
**for the Outdoors Man**  
 Millions of Trees of Vital Import-  
 ance to Every Canadian  
 are there any company in Canada  
 growing a tree for every man they cut  
 down.

For the reason that no com-  
 mercial amount of tree planting can  
 be done with the destruction of  
 the forest by campers and smokers.  
 Unprotected camp fires may  
 destroy in a day, more years  
 than it takes a corporation or govern-  
 ment to plant in a month. Until  
 the commercial amount of tree  
 planting is not set on a national  
 basis for the planning process.  
 Q—What are the common causes  
 of forest fires?  
 A—Unprotected camp and cook  
 fires, lightning, and matches.  
 The woods are destroyed  
 usually by the people who need them  
 most, the fishermen, the camper, and  
 other pleasure seekers.

**Latest Photographic Experiment**  
 California Man Claims to Have Ob-  
 tained Photographs of Thoughts  
 Visualized by Subjects.  
 California Physical Research Society,  
 announced that he had been success-  
 ful in obtaining photographs of  
 his thoughts. He exhibited what he  
 said was a thought photograph of a  
 cross, secured by holding a photo-  
 graphic plate, which was wrapped  
 in an opaque black paper, sealed  
 in an envelope and held in his  
 fingers before the eyes of the experi-  
 menter, then concentrated on a  
 subject.

Mr. Jones stated that another way  
 of obtaining thought pictures was  
 for a person to hold strips of film  
 against their forehead (or about 15-  
 20 minutes while they concentrated  
 on the thing they wanted in photo-  
 graph.

**Horses From King George**  
 High Speed Horses, Sheep and Cattle  
 For Prince of Wales Ranch.  
 Prof. W. L. Carle, manager of the  
 Prince of Wales Ranch at High River,  
 has recently returned from a trip to  
 the Old Country, and has brought with  
 him some high bred horses, cattle and  
 sheep with which to stock the Prince  
 of Wales Ranch. Included in the first  
 shipment, in Will Somers, of the stables  
 of King George, one of the best known  
 names in horse racing, and most consistent  
 winner on British race tracks of recent  
 years. Prof. Carle speaks of the  
 quality of the cattle, and advises Cana-  
 dian breeders and ranchers to pay  
 attention to the high quality of the  
 market requirements call for.

**Kitchen Range As Incubator**  
 Something New in Electric Ranges  
 was discovered by a Scientist  
 of the University of Chicago.  
 When the chicks began picking  
 about the kitchen range, the scientist  
 was convinced of the value of taking  
 them away from the hen and placing  
 them in the warming department of  
 the electric range. She fed up a batch  
 of 100 chicks, and found that a hen  
 which sits on a nest for 21 days, and  
 the whole thing in the compartment  
 keeping the temperature at 90 degrees  
 through the incubation period.

**England Masses of Dandelions**  
 England has now secured the mass  
 of the Dandelions by a series of  
 new legislation. The Commission  
 of the Dandelions of the Paris  
 Police National.  
 "The English will  
 have completed the enormous  
 work they have been contracting  
 last autumn to insure their  
 freedom from the dandelion."  
 The complete getting of 11 chicks in  
 10 days.

**Auto Supplies Canceled**  
 The United States Consul at Ant-  
 ania, states in a dispatch that the  
 automobile has supplanted the camel  
 as a mail and passenger carrier in  
 the new states of the Far East.  
 The camel is the only animal that  
 has been able to make a camel car-  
 riage a whole day.

**City and Country Dwellers**  
 Census Shows Canada's Population  
 Aimed Equally Divided  
 A comparison based on Canada's  
 census returns shows that the popu-  
 lation is divided equally between city  
 dwellers and country dwellers. The  
 total urban population is given  
 as 4,125,712. The rural popu-  
 lation is 4,125,712. The total popu-  
 lation of the three provinces is  
 8,251,424. The census of 1911  
 showed that the population of the  
 three provinces was 7,000,000.

**Subsistence Fund**  
 The Food Machinery Department  
 of the University of Saskatchewan,  
 has sent out 112,000 pounds of  
 food to the famine-stricken  
 regions of the world. The  
 department has received the largest  
 portion of the food, and farmers of  
 the province have been asked to  
 donate more. The department has  
 sent the food to the famine-stricken  
 regions of the world.

**When a Man is Working for himself**  
 he doesn't have to enjoy a time  
 keeper.

**Look to Your Eyes**  
 Beautiful Eyes, like fine  
 skin, are the first thing that  
 attract attention. They are the  
 first thing that attract attention.  
 They are the first thing that attract  
 attention. They are the first thing  
 that attract attention.

**MURINE**  
 For Eyes  
 It is said that no two men ever  
 think alike—just as great men never  
 resemble.

## Here's How~

**Total Capacity at Port Arthur and**  
**Port William Will Reach**  
**Five Million Bushels this**  
**Year**

The total elevator capacity of Port  
 Arthur and Port William will reach  
 45,000,000 bushels by September, this  
 year, according to the third annual  
 report of the Port Arthur Chamber of  
 Commerce. In 1910 the total storage  
 capacity of the two ports was 35,000,000  
 bushels, of which Port Arthur  
 then controlled only five per cent. By  
 the close of 1921 the elevator capacity  
 is expected to reach seven million  
 bushels.

**Women Preacher in U.S.**  
 There are 175 women preachers in  
 various denominations in the United  
 States, all of whom are members of  
 the International Association of  
 Women Preachers, according to the  
 list of members recently made public at  
 Chicago. Illinois leads in the num-  
 ber of women preachers with 33, 17  
 of them being in the city of Chicago.

**New York City of Youth**  
 Nine hundred and sixty-five or  
 1,000 persons in New York City are  
 under 20 years of age, according to  
 the New York City 1920 census re-  
 sults, which found a larger propo-  
 tion of population under 20 and under  
 20 in New York than in Chicago or  
 Philadelphia.

**Association of Canadian Clubs**  
 Believed to be the First of Its Kind  
 in the Dominion, a provincial com-  
 mittee of the Association of Canadian  
 Clubs in Saskatchewan was formed at  
 a meeting of representatives of over  
 100 clubs recently in Regina.

# Bill To Amend The Naturalization Act Put Through Commons

OTTAWA.—The bill to amend the Naturalization Act was passed by the House of Commons after the Secretary of State, Hon. A. B. C. Copp, had withdrawn the amendments transferring the granting of naturalization from the courts to the department.

On explaining that he would withdraw these sections for the present session, he said that it was now proposed to repeal the legislation of 1920, being the period necessary for naturalization at 10 years.

Mr. Copp said he realized that the greatest difficulty in administering the Naturalization Act was experienced in the west. He suggested that western members might submit to him suggestions as to where it would be best to hold sittings for naturalization purposes.

The bill was reported and given third reading.

Hon. W. S. Fielding announced that it was proposed shortly to provide for the appointment of a board of audit.

**DAUGHTERS OF EMPIRE WILL CARRY ON WORK OF WAR MEMORIAL FUND**

Quebec.—At the result of the action taken by the members of the war memorial committee in unanimously voting down suggestions to close the war memorial fund, the Daughters of the Empire will continue to carry on the work in Canada until the objective, set four years ago, of \$100,000 is reached.

This was the announcement made by Miss Constance Laing, national executive secretary of the Daughters of the Empire, at the annual convention here.

The fund now amounts to \$102,219.29.

Last year the war memorial committee expended \$2,000 for the salaries of the sons and daughters of deceased and totally disabled soldiers.

**New Railway Construction**

Considerable Extensions to Branch Lines in Saskatchewan.

OTTAWA.—Saskatchewan fares the best of any of the provinces in the appropriations for railway extension before Parliament.

It will have a total of 432 miles, which is the largest of any province, while out of the \$22,000,000 to be spent, the Saskatchewan share is \$14,640,000, ranging from \$2,547,000 for the Dauphin branch, \$2,543,000 for the Turlock branch, and \$1,640,000 for the Berthoud branch, down to \$14,000 for the Vinton branch, a 45-mile extension.

The construction work will be carried forward by the province, which was directorate, Parliament's function being to provide the money. It is expected, however, that the province will not all of the branches, work will be started this year, though the appropriation generally covers a three-year programme.

One great argument favorable to this year is the stimulus of immediate action as the convenience to settlers resulting from the building of these lines.

**Canadians Entertained in Paris**

OTTAWA.—The French President, Raymond Poincaré, has received a delegation of Canadian patriots, headed by Hon. Sir James D. Stewart, Minister of the Interior, and Sir George McLean Bower, Minister of the Marine and Fisheries, who were entertained at luncheon in Paris by the Union Inter-Allied, an exclusive club.

**Lloyd George Coming**

LONDON.—The Times says it is virtually assured that former Premier Lloyd George will visit Canada in the autumn. He will also visit the United States, according to the Times.

**Friendly Termination**

**Of The Dispute Between Britain And Russia**

LONDON.—A brief note from the British Government delivered to M. Krasin, the Russian Soviet minister, intimates to him and the long correspondence beginning with Lord Curzon's ultimatum, and terminates the dispute between Great Britain and Russia, which at one time seriously threatened a rupture of the trade agreement between the two countries.

This has been avoided in consequence of largely due to M. Krasin's diplomatic tact. That the British Government now considers the incident closed is seen in the fact that it based on Parliament an official record of the whole correspondence.

Russia yielded on many points, including withdrawal of the offensive White Russian forces, granting compensation to the seized territories, in the

## Prince Of Wales May Visit Canada Again

Report Says He Will Tour All British Dominions

OTTAWA.—The Prince of Wales may tour the British Dominions in a campaign to arouse interest in next year's Empire Exhibition.

When the estimate of \$114,000 was made by Mr. C. Crawford, President of the British Club of London, who addressed the New York Advertising Club. He said the Prince was making daily speeches before trade groups in the United States.

When the Prince comes, his visits to the Dominions will be for the purpose of boosting the trade exposition, unlike his other tours of the last three years, when his missions were social and political. Canada will be the first of the Dominions which the Prince will visit, it is stated.

Mr. Crawford gave no hint as to when the Prince would be here, but from the fact that the exposition is to be opened in the spring it is assumed that the tour will probably start about a month.

**Trade With Australia**

Commonwealth May Accept Canada's Offer of Reciprocity

OTTAWA.—Australia is about to accept Canada's offer of reciprocity. The offer of Trade and Commerce, Hon. J. A. Robb, was officially advised by cable that at the opening of the Parliament, the offer was accepted from the three federated legislatures.

The offer referred to is that Canada extend to Australia the British preferential tariff in exchange for the preferential tariff in Canada.

The following resolutions were passed: That the present system of awarding bursaries be continued.

That in the case of junior or senior bursaries, the allowance be increased in three instalments, \$250 the first year, \$750 the second year and \$1250 the third year.

That the amount collected since 1922, namely, \$25,000, be added to the fund.

That the allowance for 1923 be increased to \$2500.

That the amount collected since 1922, namely, \$25,000, be added to the fund.

That the allowance for 1923 be increased to \$2500.

## Says Australia Has Great Possibilities

Development, Barry Rogers, Says

OTTAWA.—The value of co-operation between the United States and Australia, both for commercial expansion and the stability of the empire, was the keynote of the address by Sir George W. Fuller, Prime Minister of New South Wales, speaking before the Senate.

He said that the development of Australia's great possibilities, the development of which had been hitherto neglected, was the key to the future.

He said that the development of Australia's great possibilities, the development of which had been hitherto neglected, was the key to the future.
